

SCHOOL BASED ASSESSMENTS: A PILOT PROJECT IN EAST KHASI HILLS DISTRICT

Establishing Instructional Leadership Teams through the Meghalaya School Leadership Academy

Heads of the 50 project schools were trained through blended mode in competency-based assessments & to establish Professional Learning Communities & to provide time to teachers to create Learning Outcomes (LO) based assessments

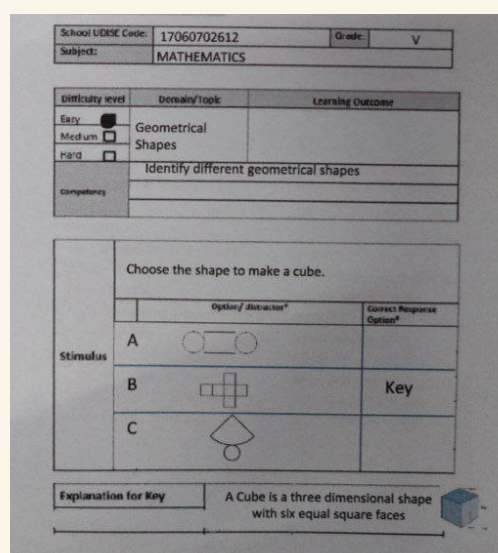

Capacity building of teachers from 50 schools on Common Assessments

Teachers were trained on how to use Learning Outcomes to prepare Learning Progressions & competency based assessments

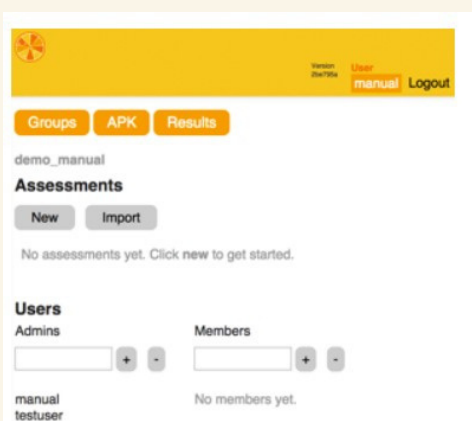

Preparation of Competency Based Assessments & Item Banks

PLCs developed unit as well as assessment plans that included formative assessments, criterion-referenced assessment items, item banks to test higher order skills

Use of ICT for School Based Assessments

ICT is the backbone of Meghalaya's School Based Assessments pilot. ICT infusion included training, unit planning, grading, administering assessments, data analysis, progress tracking etc.
